Voter fraud by mail-in ballot is rampant. The Deep State wants to make it mandatory so they control the vote. California as already stated they will send 20 million mail-in ballots out to people.

If you are forced, if you have no other way to vote except by mail-in ballot. Your vote is still important. Because they intend to cheat, because they intend to alter your vote. Take steps to ensure your vote is protected as much as possible.

Nearly everyone has a camera on their phone or access to one. take a clear picture of the ballot before you make any marks. take a picture of the ballot after you have made your decision. Take a third picture of the ballot next to your identification.

These may become very important in recounts or for evidence at a later date. The best option just to vote in person and require ID to do so. But many citizens live in States controlled by the DS.
Don't let them take your vote. 🙏

I would like to see the President arrange one department ,overseen by a trusted appointee, Set up a website where people who are forced to vote by mail-in ballot can send those pictures in to verify their vote and a separate ,unofficial of course,

Tally be kept. In an effort to thwart voter fraud.

Judge S ullivan, A huge decision is in your hands, whether to accept the DO J recommendation to drop the entire case against General Flynn or not, and proceed to sentencing. We have known since day one that the General was innocent and the newly released evidence proves

this as well. It is clear to everyone. Everyone except those with no interest in truth or justice. Those people with ulterior motives and agendas. Those people who don't make their own decisions but are told what to do by the people who

The "altered 302's" have not been released. Now that the case against General Flynn is finally and rightly dismissed those 302's are still needed, for the General's, hopefully, upcoming lawsuit. And the entire "depth" of the swamp

And everyone in it needs to be known. (RR) If not it could start again. Please don't let the dirty players hide. There are many more people waiting for justice.

The Deep state is already accusing President Trump of
